

DENIES A SEPARATE EXISTENCE OF LIFE

Eminent Physician Says Science
Has Found Nothing to Sub-
stantiate Duality.

WASHINGTON, May 11.—At the opening session of the twenty-fourth meeting of the Association of American Physicians here today, Dr. Victor V. Vaughn of Ann Arbor, Mich., president of the association, in his annual address, made assertions which are regarded as an attack on the Emanuel movement.

Dr. Vaughn said there was nothing in the dualistic doctrine involving the existence of mind apart from and superior to matter. There was nothing in the doctrine, he contended, to justify the founding of any new cult.

Taking for his subject "The Physiological Basis of Life," Dr. Vaughn said that much has been heard of late concerning the influence of the mind upon the body. That assumption, he said, was as old as the philosophy of Plato. It always had been maintained as a dogma without scientific support and had led to no scientific fact.

Every attempt to apply it to the treatment of disease, he asserted, had led to the development of conscious or unconscious charlatanism and resulted in more or less marked avulsion. Medical observation and study, he declared, had shown that healthy cerebral conditions were to be found only when the brain was properly influenced by normal functions of all the correlated organs.

"We know equally," said he, "of the influence of the brain on the other organs of the body. We are fully aware of the fact that impulses may be started in the brain through any of the five senses that may favorably or unfavorably influence the activities of the correlated organs. And for centuries the medical profession has employed this physiological principle in the treatment of disease."

BRANDENBURG AGREES TO WAIVE EXTRADITION

SAN FRANCISCO, May 11.—Broughton Brandenburg, the newspaper man and magazine writer, charged with grand larceny in connection with the sale to the New York Times of an article purporting to have been written by Grover Cleveland, and who stayed the execution of a writ of extradition last week by habeas corpus proceedings, created surprise today when the hearing came up before Judge Cabanis by waiving extradition and agreeing to return east without further resistance. Thereupon the writ of habeas corpus obtained in his behalf was dismissed, and Brandenburg will go back to New York for trial with Detective Fitzsimmons of that city, who was sent here for him by District Attorney Jerome.

Insane Wife a Suicide.
LOS ANGELES, May 11.—Mrs. Florence Minnick, wife of an employee of the Llewellyn Iron works, and mother of four children, committed suicide today during a fit of insanity, after her husband had watched at her bedside all night to prevent such an act. This morning, when his back was turned, she secured a vial of poison and drank its contents, dying a few minutes later in agony.

Made from Royal Grape Cream of Tartar

New Incorporations

The following new companies incorporated Tuesday:
The Smith Real Estate and Poultry company of this city, capitalization, \$25,000, divided into 250,000 shares of ten cents each, of which 194,000 shares are subscribed and 146,000 shares are treasury stock; Alvin B. Smith, president; W. T. Gunter, vice president; John B. Smith, secretary and treasurer. These also form the directors.

The Wallace Law and Collection agency of this city, taking over the law and collection business of John J. Wallace & Co., 221 E. Walker building, in payment of 1500 shares of the capitalization of \$5000, which is divided into as many shares of \$1 each; John J. Wallace, president; J. W. Morrison, vice president; A. B. Wallace, secretary and treasurer. These also are the directors.

The Ogden Wholesale Drug company of Ogden, capitalization, \$100,000, divided into 10,000 shares of \$10 apiece; 9000 shares are treasury stock; J. H. F. East, president; Thomas B. Farr, vice president; Chas. R. Emery, manager; Albert C. Truesdell, secretary and treasurer; Thomas H. Carr and J. H. Thomas, additional directors.

Realty Association Answers Questions

Letters requesting information of Salt Lake City and business conditions here continue to be received by the Salt Lake Real Estate association, as well as suggestions from many sources having for their object the assistance of the association here in matters of national interest. Secretary Perkins gave out the following communications Monday, which had been received during the past two days:

The Los Angeles Realty board sent a list of its members and requested in return a list of members of the association here, stating that they were often called upon to furnish the names of reliable agents in this city, and the information would be of material assistance in this matter.

A communication from the Secretary of the Irrigation congress at Spokane requested the appointment of delegates from the association to the congress, which will be held next August. This matter will be taken up at the next meeting of the association at the Commercial club on May 19.

A communication was received from the city passenger agent of the Boston & Maine railroad requesting literature and other information of the city and state. The information is evidently for use in the compilation of a folder by that railroad, to be used for advertising the forty-third national encampment.

A letter from the executive committee of the general committee of 100 appointed for considering the formation of a tariff commission asks for copies of the general proceedings of the association, copies of resolutions passed by that body and inquiries concerning the membership of the association and its standing in the city and state.

The American National and Red Cross association asks the names of wholesale dealers and manufacturers in this state of articles for use by that society, in order that the organization may be in a position to wire for supplies from this locality in the event of a disaster of any magnitude.

C. R. Hamlin, business manager for Henry A. Adrian, city superintendent of schools for Santa Barbara, Cal., asks the association for information regarding the possibilities of Mr. Adrian delivering a lecture here on the subject of plants and the work which is being done by Luther Burbank. This communication was referred to the Commercial club.

ANOTHER SPLENDID BUSINESS ENTERPRISE FOR SALT LAKE

Further proof of confidence in the city's growth is demonstrated by enterprising business men.

The Sanitary Laundry is now ready for a large portion of the city's business—with a splendid plant at 29-31-33 and 45 South West Temple street. With Mr. F. W. Gillette as president and superintendent, this new business is bound to meet with great success.

Many New Features.
The machinery in this great plant is well worth a visit to the laundry to see—the long row of the latest model washing machines, the great "mangles," the intricate collar and cuff machines and all the other necessary equipment necessary for carrying on and maintaining the highest standard of work, with the most skillful operators at each machine.

Purest Water in the City.
The water is the purest in the city and is made purer for use by condensation—this eliminates the necessity of water softeners, so injurious to finer fabrics.

The Bundle Trade.
This feature of the work will occupy much attention, as the management stated that family washings were to be especially well taken care of and catered to, every possible preparation having been made to handle hundreds of bundles daily, and with a perfected checking and marking system "mix-ups" will be impossible.

"Immaculate Linen"
has been chosen as the slogan by which this new enterprise intends to establish itself, and perseverance and determination count for anything success is sure to come.

Deadlock Prevails.
SPRINGFIELD, Ill., May 11.—In the eighty-fourth joint ballot for the election of a United States senator today the vote showed no change of consequence.

FAIR AND WARMER IS FORECAST FOR TODAY

Forecast: Fair and warmer.

Although rather chilly, Tuesday was a fairly pleasant day. A high barometric pressure area covered the Pacific coast and the temperatures all over the interior mountain region were below normal. Tuesday's meteorological record at the local station of the United States weather bureau follows:
Temperature at 6 p. m., 48 degrees; maximum temperature, 50 degrees; minimum temperature, 37 degrees; mean temperature, 44 degrees, which is 12 degrees below normal.
Total deficiency of temperature since the first of the month, 22 degrees.
Accumulated excess of temperature since January 1, 226 degrees.
Total precipitation, .04 of an inch.
Total precipitation since first of the month, .22 of an inch, which is .55 of an inch below normal.
Accumulated excess since January 1, 1.10 inches.
Relative humidity at 6 p. m., 23 per cent.

Cocoa
Fact

No. 7

Ecuador (South America) furnishes nearly one-fifth of the world's production of cocoa beans, now estimated at 300,000,000 pounds. A world-wide demand exists for Ecuador cocoa beans, for which that country enjoys a high reputation. We import the best direct.

You cannot make a good cup of chocolate out of poor chocolate; a poor cook couldn't spoil

Ghirardelli's GROUND CHOCOLATE

in the making. Fragrant, delicious, nourishing. Less than one cent a cup.

Don't ask merely for chocolate
—ask for Ghirardelli's.

Dope From the Police Court

In less than half of an hour, Judge J. M. Bowman of the criminal division of the city court disposed of the twenty odd cases which were on the docket Tuesday afternoon.

The case of George Davis, charged with violating the liquor license ordinance, was set for 2 o'clock Monday afternoon.

John Hopson, charged with destroying property, was discharged on motion of Assistant City Attorney Edgar A. Rogers. Mr. Rogers stated that Hopson had made good the property he destroyed and the complaining witness wished to drop the prosecution.

The case of Monroe Miller, charged with petit larceny, was dismissed upon motion of Prosecuting Attorney Rogers.

Frank Parker pleaded not guilty to the charge of petit larceny and his case was set for trial next Wednesday at 2 o'clock. His bail was fixed in the sum of \$250.

The cases of Elizabeth Eastman and

Orville Shafer, charged with violating the sewer ordinance, were dismissed.

The case of T. W. Little, charged with violating the sewer ordinance, was set for trial June 11.

Dan D. Williams, Joe Martin, Jim McCarey and William Sandanilo, all charged with drunkenness, were discharged on condition that they leave the city.

The court found Alex Johnson guilty of drunkenness and destroying property and imposed a sentence of \$10 or ten days in the city jail.

Charles Long, charged with battery, pleaded not guilty and his case was set for trial next Monday at 2 o'clock.

B. H. Bush, charged with violating the sidewalk ordinance, was found guilty and fined \$5.

William Edwards, charged with drunkenness, was given thirty days in the city jail. Edwards was only released from

the city jail last Monday morning, after serving ten days for the same offense.
